

Guildroom Rules

1. If you're the last person in the guild room, **CLOSE THE DOOR AND TURN OFF THE LIGHTS** when leaving. (You can leave the wall LEDs and the starry sky lights on.)
2. Don't break things. If something does get broken, contact the board or the guild room officers.
3. The guild room is not for drinking.
4. No overnight stays in the guild room. The security guard also monitors the premises at night.
5. Clean up after yourself and leave the guild room in at least as good condition as it was when you arrived. It's not the guildroom officers job to clean up others' messes.
6. If you use the guild cups (Elenia cups on the bottom shelf), **WASH THEM PROPERLY AFTER USE.**
7. If you put your own food in the guild room fridge, label it with your name (and eat/clean it out before it spoils).
 - If you leave something for everyone to share, label it clearly (you can also notify people via Sätky's Telegram), so others feel comfortable eating it.
8. When buying products from the guild room, pay them to the Sätky's MobilePay / Holvi / Piggy Bank.
9. **DON'T BE A JERK!**

Repeated violations may result in revocation of your access rights to the guild room!
